MESSAGE FROM OUR STUDIO PRINCIPAL

Miss JL

2025

What an amazing year we have had in 2025!

This year has been a year of growth, an unforgettable year in so many different ways, more than I could have ever imagined. That is because of our wonderful students, and of course you and your support. Each day I pinch myself that I am so lucky that this is what I get to do every day... To inspire the next generation through dance and acro, it is literally the dream I have always had since I can remember.

As I sit here writing this, I reflect on the year that has been filled with growth. Growth as a person, a mentor, a mother, a teacher and of course a business owner. JL Dance has taught me that not everything will magically happen, but you have to work hard for what you want and you have to work hard for your dream.

The community that we have created is more than I could have ever imagined. Again, pinch me. I am so grateful that you trust my team and I to nurture, inspire and encourage your child through their dance/acro journey. To witness each of them thrive to reach their full potential, to find that guidance to shine with confidence and to follow their passion and their own dreams whatever they may be. To see the level of determination in each student is honestly what makes us want to walk through those doors everyday. We watch these students walk into our four walls, term after term, week after week, day after day and we see their growth, passion and confidence reach new heights every lesson.

This makes us excited for the future of our students and our beautiful studio. We cannot wait to share with you all the future of our studio and the exciting things we have coming to our studio. We have witnessed so much through our performance stream, which makes us excited to see what comes next as our team start to plan and prepare for what we believe is going to be an EPIC year ahead. We cannot wait to change up the excitement with our pre school program as we take on the entire Lil Groovers Pre school program and add some next level classes to our 2026 timetable, we welcome new teachers to our faculty and much, much more!

This is only the beginning as we take JL Dance to the next level - To grow our community, our family but to also see the people who are the most important part of our family, grow further with their confidence, passion and technical training.

Our aim at JL Dance Company to create memories, fuel our students with determination and motivation, to ignite their passion and build their self-confidence with each individual in each class they walk into.

Our team always set focus to the growth of each individual and believe the progress we have made as a studio together has definitely been a journey and experience to carry forward on our journey with our utmost professionalism, pride and passion for the art form of dance.

Our studio celebrates over 8 years in operation (personally 13 years in business), and it has been one crazy, yet amazing journey.

Over the years we have witnessed students dedicate themselves more than ever as they fulfil their desire to grow with their dance training each time they walk into the studio. As the students of JL Dance build on these many qualities it has been the most amazing experience to see the friendships evolve, build stronger and hear the laughter in the studio amongst them all.

We are devoted to creating a positive environment for the students to understand, learn and create themselves as an artist and as a confident dancer. As our team aim to implement this across the studio to nurture our dancers, and myself as the studio owner and principal teacher we provide and promote a safe environment for our dancers to build their self-confidence, develop their self-motivation and progress to be the best dancer they strive to be.

At JL Dance we will always support our students the best way we can and provide an experience in dance like no other - Whilst reaching their full potential.

We will always strive to create a community amongst our student as we nurture our students in a positive environment with opportunities to develop self-confidence, their self-motivation and their personal training as they continue to be the best, they can be with their passion at full driving force. There is nothing more rewarding than watching the students of JL Dance Company grow from strength to strength in all areas the art form that dance offers. When you have found what you want to gain from dance and put all your focus into play, whether it may be for individual growth as a person, development through self-confidence and motivation OR with wanting to create your future. It puts everything into perspective, and it makes everything you work so hard on WORTH IT! Dance can be for everyone whether it be fitness OR fun, performances, OR competition; it's what you make of the experience!

This journey has shown me the ability to become resilient and focus my energy on what is important to my family and myself. We look forward moving into an exciting year the team at JL Dance have planned and we cannot wait for you to experience it.

Bring on 2026!
Lots of love Miss JL

WE DEDICATE OUR 2025 SHOWCASE TO...

Julie Fitzsimons

25.10.1959 - 28.05.2025

Julie is a remarkable woman who loved seeing young people seek their passion and pursue their dreams. We were very lucky to share so many beautiful memories with Julie as she always gave the students of JL Dance so much love and watched our studio grow from day one. Julie would always attend our Red Carpet Award events with pride and joy not only for the community we have created and love we show for our students, your children but to present our ballet award that is in memory of her beautiful daughter, Nicole. Julie would always be on the side line cheering for our students and gave so much love to our studio. We will miss not having her here in person with us, but know she will be in the front row, with her beautiful smile, her joy and love for our students performing on stage.

Each year she would make me take a look back and see the growth not only I had made professionally, but also personally. She had a way with words, it was like pure magic!

Julie always seen the magic in every moment and we know she will be still bringing the magic today,

This one is for you Julie!

Please support the Nicole and Julie Fitzsimons Foundation - There is a donation box on your exit after the showcase.

SHINING STAR AWARD

What is "Shining Star" Award?

Our Shining Star is an award that was introduced in our first year of operation, back in 2012. It is an award that was put in place to provide an opportunity for our students to be recognised for their passion through dance/acro by an individual who is actively involved within our industry.

The SHINING STAR SELECTOR is someone of the performing arts industry who sits in the audience and selects two students (5-9yrs and 10yrs+) of JL Dance who inspires, captivates and delivers a performance filled with passion! This is just one persons opinion and could go any way on the day.

Meet Our Shining Star Audience Member! **JORDAN ANGILLEY**

At the age of 4, Jordan began learning Hip Hop at All That Jazz Dance Company.

Jordan later moved to the South Coast, where he continued to develop his Hip Hop, Lyrical and Jazz at Berry Dance and Performing Arts and furthered his training with other south coast local dance studios.

In 2019, he started teaching his own Boys' Hip Hop classes. He took a spark to cheerleading at Shoalhaven Cheer Academy and trained up as a level 1 cheer coach who specialised in tumbling. In 2020, Jordan found his way to JL Dance Company, competing with the Hip Hop troupe and took on Miss JL's Hip Hop and Acro classes. His goal for many years was to pass down his knowledge and passion for street dance, and build a community-this evolved into his brand "GilleyPop".

In 2024, Jordan moved to Sydney and delved into Popping. He brought this newfound knowledge back to the South Coast to teach eager students in private workshops. Shortly after, he began his journey as a Pro Wrestler under the name "Jordan Gilley". This brought him to travel around NSW, Victoria, and New Zealand, continuing to "dance" within the ring and proudly represent his South Coast roots. In the different paths he takes, Jordan's mission has remained the same: Keep learning, keep moving. and keep inspiring.

SCHOOL HOLIDAY PROGRAM JANUARY 2026

Our team will be planning some exciting workshops in the school holidays in 2026 - Stay tuned to our social media!

CLASSES ARE STILL ON

FOR THE REMAINDER OF TERM 4
