ST GEORGES BASIN COUNTRY CLUB

MESSAGE FROM OUR STUDIO PRINCIPAL

Miss JL 2026

What an amazing year we have had in 2026!

This year has been a year of growth, an unforgettable year in so many different ways, more than I could have ever imagined. That is because of our wonderful students, and of course you and your support. Each day I pinch myself that I am so lucky that this is what I get to do every day... To inspire the next generation through dance and acro, it is literally the dream I have always had since I can remember.

As I sit here writing this, I reflect on the year that has been filled with growth. Growth as a person, a mentor, a mother, a teacher and of course a business owner. JL Dance has taught me that not everything will magically happen, but you have to work hard for what you want and you have to work hard for your dream.

The community that we have created is more than I could have ever imagined. Again, pinch me. I am so grateful that you trust my team and I to nurture, inspire and encourage your child through their dance/acro journey. To witness each of them thrive to reach their full potential, to find that guidance to shine with confidence and to follow their passion and their own dreams whatever they may be.
To see the level of determination in each student is honestly what makes us want to walk through those doors everyday. We watch these students walk into our four walls, term after term, week after week, day after day and we see their growth, passion and confidence reach new heights every lesson.

This makes us excited for the future of our students and our beautiful studio. We cannot wait to share with you all the future of our studio and the exciting things we have coming to our studio. We have witnessed so much through our performance stream, which makes us excited to see what comes next as our team start to plan and prepare for what we believe is going to be an EPIC year ahead. We cannot wait for the new year as welcome more to the studio, from new classes to new teachers - We know that 2027 is going to level up!

This is only the beginning as we take JL Dance to the next level - To grow our community, our family but to also see the people who are the most important part of our family, grow further with their confidence, passion and technical training.

Our aim at JL Dance Company to create memories, fuel our students with determination and motivation, to ignite their passion and build their self-confidence with each individual in each class they walk into .
Our team always set focus to the growth of each individual and believe the progress we have made as a studio together has definitely been a journey and experience to carry forward on our journey with our utmost professionalism, pride and passion for the art form of dance.
Our studio celebrates over 9 years in operation (personally 13 years in business), and it has been one crazy, yet amazing journey.

Over the years we have witnessed students dedicate themselves more than ever as they fulfil their desire to grow with their dance training each time they walk into the studio. As the students of JL Dance build on these many qualities it has been the most amazing experience to see the friendships evolve, build stronger and hear the laughter in the studio amongst them all.
We are devoted to creating a positive environment for the students to understand, learn and create themselves as an artist and as a confident dancer. As our team aim to implement this across the studio to nurture our dancers, and myself as the studio owner and principal teacher we provide and promote a safe environment for our dancers to build their self-confidence, develop their self-motivation and progress to be the best dancer they strive to be.
At JL Dance we will always support our students the best way we can and provide an experience in dance like no other - Whilst reaching their full potential.
We will always strive to create a community amongst our student as we nurture our students in a positive environment with opportunities to develop self-confidence, their self-motivation and their personal training as they continue to be the best, they can be with their passion at full driving force. There is nothing more rewarding than watching the students of JL Dance Company grow from strength to strength in all areas the art form that dance offers. When you have found what you want to gain from dance and put all your focus into play, whether it may it be for individual growth as a person, development through self-confidence and motivation OR with wanting to create your future. It puts everything into perspective, and it makes everything you work so hard on WORTH IT!Dance can be for everyone whether it be fitness OR fun, performances, OR competition; it's what you make of the experience!

This journey has shown me the ability to become resilient and focus my energy on what is important to my family and myself. We look forward moving into an exciting year the team at JL Dance have planned and we cannot wait for you to experience it.

Bring on 2027!
Lots of love Miss JL

WE DEDICATE OUR 2026 SHOWCASE TO...

Hilda Shuttleworth

Hilda Shuttleworth

2nd September 1935 - 31st October 2026

This year we dedicate the JL Dance EOY Showcase to Hilda Shuttleworth - Hilda is Miss JL's grandmother who has been a huge part of Miss JL's dance journey and the journey of JL Dance Company. She would encourage and inspire Miss JL to follow her dream.

Hilda loved watching Miss JL grow on her dance journey, but what took it to a whole new level was the admiration she had that both her great grand children Lennox and Lola had found the love of music and movement from a very young age.
Hilda would attend every EOY showcase event until her health started to decline, in which Miss JL would take the EOY videography to her and they would make it a dance movie day. Hilda would be in awe of the talent by the students of JL Dance. She loved her music, she loved to dance and she loved seeing so many of our talented students fuel their passion through the art form and finding their own confidence through their journey.

Hilda was a perpetual sponsor for our EOY showcase Red Carpet Awards event in which, JL Dance will continue this sponsorship in her memory to keep her vibrant energy alive as we remembered, her beautiful charisma and love for music and dance
Hilda Shuttleworth's legacy will always continue through JL Dance.

MONDAY 6TH OF DECEMBER 2026 - FRIDAY 10TH DECEMBER 2026

SHINING STAR AWARD

What is "Shining Star" Award?

Our Shining Star is an award that was introduced in our first year of operation, back in 2012. It is an award that was put in place to provide an opportunity for our students to be recognised for their passion through dance/acro by an individual who is actively involved within our industry.

The SHINING STAR SELECTOR is someone of the performing arts industry who sits in the audience and selects two students from JL Dance (Junior Student and Intermediate/Open Student) who stood out to them and shined on the stage on Showcase day!
The team at JL Dance are not allowed to have ANY influence on their decision!

Who are our 2026 "Shining Star" Audience Members!

CORINNE & BROOKLYN
